## About ISPS

The International School of Port of Spain (ISPS) is a private, co-educational day school based on a US curriculum model. It offers a college preparatory holistic education, in English, from Pre-Kindergarten through Grade 12. Graduates earn a US High School Diploma.

ISPS was founded in 1994 and has been accredited by The Southern Association of Colleges and Schools since 1996. Admission to the high school is non-selective.

ISPS families are local nationals or members of the expatriate business and diplomatic communities to Trinidad & Tobago. The High School (Grades 9-12) includes 131 students from around 20 different nations with approximately 77% local, 5% American, 6% from Latin America and 12% from other countries, including the UK and Canada.

Educational and experiential trips are considered an important aspect of the curriculum. Community service is actively encouraged. Sporting events, cultural programs, student government, Model United Nations, drama productions and interaction with other regional American/International schools are scheduled throughout the year.
